

BEKOLut[®] IMMUNO AFFINITY COLUMNS – THE WAY TO BUDGET-PRICED MYCOTOXIN ANALYSIS!

BEKOLut[®] Immunoaffinity columns will help you to perform your mycotoxin analyses with higher efficiency and at lower cost. Our columns are available in 1 mL and 3 mL formats and stand out due to excellent flow characteristics, high batch-to-batch reproducibility and a knock.out price.

Establish robust methods and achieve fast and reliable clean-up of mycotoxins from food and feed stuff by highly specific monoclonal antibodies. BEKOLut[®] IAC columns are ‚made in Germany‘ and manufactured cost-efficiently using state-of-the-art technology. Your advantage: Top quality at favourable prices.

HIGHLIGHTS / ORDERING DETAILS

- Millionfold proven quality
- Numerous applications, available upon request
- Customized combinations of monoclonal antibodies, for your particular analyte profiles
- Long storability
- Suitable for a multitude of different matrices
- Suitable for different extraction solvents/solvent mixes

Ordering information:

Order Number	Product description	Volume	units/ pack.
003-AFL	BEKolut® IAC Aflatoxin	3 mL	25
003-OTA	BEKolut® IAC Ochratoxin	3 mL	25
003-ZON	BEKolut® IAC Zearalenon	3 mL	25
003-DON	BEKolut® IAC DON	3 mL	25
000-AFL-M1	BEKolut® IAC Afla M1	3 mL	25
003-FUM	BEKolut® IAC Fumoni	3 mL	25
003-T2HT2	BEKolut® IAC T2-HT2	3 mL	25

Combined IACs for multitoxin analyses

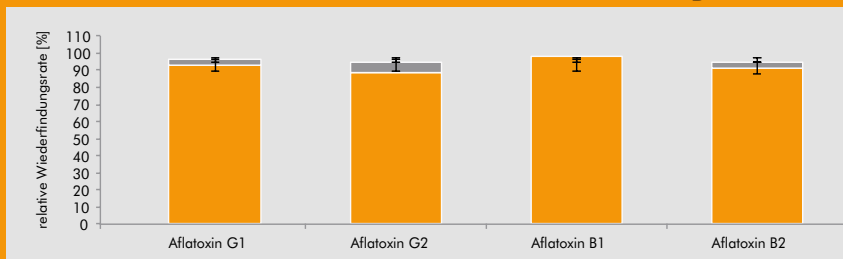

003-AF-OT	BEKolut® Kombi Afla/Ochra	3 mL	25
003-AOZ	BEKolut® Kombi Afla/Ochra/ZON	3 mL	25
003-AOZDFT	BEKolut® Kombi AOZDFT* *Aflatoxin, Ochratoxin, ZON, DON, Fumonisin, T2HT2	3 mL	25
